

First Call for Papers

NETTIES 2015

(13th International Conference on Networking Entities)

5 – 8 March 2015

Tenerife, SPAIN

organised by

IAFeS - International Association for eScience

www.iafes.org

and

Humboldt Cosmos Multiversity

www.humboldt-cosmos-multiversity.org

The main theme of the conference is:

"Open Data and Big Data – The Impact on Digital Society and smart cities"

Conference themes are within the spirit of digital society and smart cities in the domain of eScience, information and communication technologies, eLearning, eMedia, eCommerce, eGovernment, eCulture.

The main themes are, but not limited to:

- Networking Entities for Smart Cities
- Social and Cultural Aspects of digital society and eScience
- Strategies, Policies, Implementation of open data and big data
- Integrated infrastructures and processes for smart cities
- Smart Cities learning

However, supporting the concept of interdisciplinary, we welcome submissions in all related academic fields in science. The Conference Programme will be constructed in interactive

sessions, debates, knowledge café, as we consider networking and live interaction the essential aspect of this conference.

Location: Humboldt Cosmos Multiversity, Tenerife

Important dates:

Abstract submission deadline: **15 January 2015**

Final date for author payments: **25 February 2015**

Conference dates: **5-8 March 2015**

Conference Fees:

Full rate: 200 Euro

Students: 100 Euro

Virtual participation with published paper: 100 Euro

Send your „idea“, your application till end of 2014 to

johann@johannguenther.at

The length of application max. one page

We will give you the acceptance in 2 weeks.

Program Co-chairs

Prof. Radu VasIU, Politehnica University of Timisoara, Romania, IAFeS President

Prof. Günter Koch, President of the Humboldt Cosmos Multiversity

Prof. Johann Guenther, Jiangnan University, Wuhan, China and Saint Petersburg State University for Telecommunications, Saint Petersburg, Russia, IAFeS General Secretary

Scientific Committee (to be completed)

Prof. Risto Kimari, Director School of Engineering, Oulu University of Applied Sciences, Finland

Prof. Erwin Bratengeyer, E-Learning Center, Danube University Krems

Prof. Graham Orange, United Kingdom Free Betting Tips

Prof. Savvas Katsikides, University of Cyprus, Cyprus

Prof. Dimitris Tseles, Dean, Technological Education Institute of Piraeus, Greece

Dr. Diana Andone, Director E-Learning Centre, Politehnica University of Timisoara, Romania

David Evans, JMEA, United Kingdom

For any other information please contact Prof. Johann Guenther by email:

Important information about the location

Travel

Any airport in Tenerife (North or South) can be used. In case South airport is used, we recommend to use bus transfer with the public TITSA lines, transfer finally ending in Puerto de la Cruz' main bus station (there called "Intercambiador"). The direct TITSA bus is line 343 starting at Airport South, but as well passing through Airport North.

In case timetable does not fit: From Airport South any bus to Santa Cruz main bus station ("Intercambiador") may be taken. At the Intercambiador of Sta. Cruz change bus; several busses continue to Puerto de la Cruz and any of those busses can be taken.

At the end station = Intercambiador of Puerto de la Cruz, take a taxi; it's cheap.

If you arrive at the North Airport and no bus connection fits in time: take a taxi, it's relatively short distance.

Accommodation

We have special arrangements with Hotel MARITIM in Puerto de la Cruz with the following prices / night + breakfast:

Double room, superior quality, seaside: 82,- € (2 persons)

Single room, superior quality, seaside: 56,- € (1 person)

In case you want to book, please address the responsible manager, Mr. Galindo: fgalindo.ten@maritim.de, Tel. +34 922 379010, exactly informing him on date of arrival and departure. Please, refer to "Humboldt Cosmos Multiversity / Prof. Guenter Koch (room 1406)" in order to get the discounted prices.

You may, however, choose any other hotel on your own in the North of Tenerife between La Laguna and Puerto de la Cruz - if you want to manage this individually.

Rent a Car

In that latter case, but also anyway for your convenience, we recommend to rent a car, which is possible at 20,- € per day. The rental company offering this is: AUTOS MERTENS, e-mail: alex@autosmertens.de, Tel. 0034 922 383069. They deliver and pick-up the car at the place you want.

In case you order a car there, please refer to prof. Guenter Koch so that you get the daily rate of 20,- € (you have to insist on this tariff !)

Event location

Conference location is in Tacoronte, in a building called La Casona, very next to the Church Sta. Catalina (which is better known to the inhabitants than La Casona). Tacoronte is situated between La Laguna and Puerto de la Cruz. It is hard to be accessed by public transportation. We will organize for shuttles or you may use your rented car.

More details will be sent in due course.
